## A Note from the Mayor

At last pleasant weather!! Enjoy the Fall!!

Our City has a real problem that City Hall, County, and State can't fix!! That is Litter!! The amount of trash on our roads is shameful. We can pass laws, rules, ordinances, but unless each person becomes responsible for their part, nothing will change. Litter is an expensive, needless problem. Let's all do our part to keep Hallsville looking great, so we can say with pride -

"Lucky Us - We live in Hallsville".

*Steve Eitelman*

## Street Repairs

The City of Hallsville has been making major repairs to our City streets. The City accepted a bid from W. R. Welborn & Sons to repair part of Gallilee Road, Willow Road, and Branch Street. The City has applied for a TxDot CDBG Grant to help with repairs to other City Streets. Please be patient with works as they repair and fix our City Streets and please drive carefully.

Donations are still needed to finish this project. If you would like to donate, please bring your donations to Faron at City Hall. Let's make this another great project as Hallsville works together as a community.
